 TROOPS DISPATCHED TO HAWAII

Administration Finds It Hard to Con-
 ceive of the Japanese Situation Tak-
 ing an Unfortunate Turn, but is
 Taking Such Precautions as Would
 Safeguard the Nation in the Event
 of Trouble.

Washington, May 16. While the
 president and all his official advisers
 are firmly convinced that the issue
 raised by the Japanese over the Cali-
 fornia legislation will not seriously
 disturb the peaceful relations between
 the two governments, it was learned
 that the administration is quietly
 taking such precautions as would
 safeguard the nation in the event of
 trouble arising out of the present sit-
 uation.

Evidence points to the conclusion
 that the administration has decided
 that it would be an inexcusable mis-
 take to expose the nation even to the
 possibility of consequences which
 might arise out of a state of unpre-
 cedentedness.
 The president accordingly held a
 conference with the officers in charge
 of the state, war and navy depart-
 ments. The conditions of the defenses
 of the United States were discussed
 and a tentative program for strength-
 ening the effectiveness of these de-
 fenses outlined.

Independently of this White House
 deliberation, but no less impressive in
 the relations of the seriousness of
 the possibilities which lie in the pre-
 sent situation is the fact that two com-
 panies of the coast artillery corps
 have been ordered to Hawaii to man
 the coast defenses there. These two
 companies will sail from San Fran-
 cisco on May 24 and were given ex-
 act 10 days notice of their departure.
 The companies to go are One Hun-
 dred and Nineteenth and One Hun-
 dred and Fortieth, both of which
 are at Fort Washington, Md., located
 on the Potomac river below this city.
 With the utmost secrecy prepara-
 tions are going ahead with the sole
 purpose of increasing the efficiency of
 the defenses of the United States pos-
 sessions.

Activity In the Navy.
 There is no question about prepara-
 tions being made by the navy along
 the same line as those under the di-
 rection of the war department, but or-
 ders have been issued that no ships
 moved in such a way as to afford
 slightest foundation for any sus-
 picion that the movements are in the
 nature of preparations to meet an
 emergency.
 When the White House conferences
 in progress the Japanese ambas-
 sador had already called on John Bas-
 set Moore, acting secretary of state,
 and had been in New York. Imme-
 diately after the White House confer-
 ence Ambassador Chinda again called
 on the state department. While it is
 certain that the ambassador's
 mission was to make inquiry as to
 Governor Johnson's intention to sign
 the land bill, the significance of the
 fact that he came twice in person to
 Washington was not lost.
 The ambassador was furnished a
 copy of the message from Governor
 Johnson to Secretary Bryan. He de-
 clined to make any comment on its
 contents.

UNCLE SAM MEANS TO KNOW WHO STOLE PLANS FOR THIS NEW WARSHIP

BATTLESHIP PENNSYLVANIA
 PLANS HAVE BEEN STOLEN.
 Confabulation at the federal
 government at Washington, when it
 was discovered that two sets of
 drawings of the proposed new
 installation of the new super-
 Dreadnought, Pennsylvania, had
 been stolen. Later similar draw-
 ings showing the deck plans and
 hatch arrangements were abstracted
 from the bureau of steam engi-
 neering. The entire machinery of
 the United States secret service has
 been placed at the disposal of Sec-
 retary Daniels to solve the mys-
 tery.

The statement was made at the
 White House that the meeting of the
 three cabinet officers in conference
 with the president had been purely
 accidental. It was denied that there
 had been any change in the situation
 existing between this country and
 Japan.
 In connection with the movement of
 two companies of coast artillery it
 would be said that for two years the
 war department has been gradually
 increasing the garrison at Hawaii.
 These increases have been made as
 fast as the fortifications advanced to
 completion.

 crease in the number of the mem-
 bers, were the chief events of Friday
 at the sessions of the Presbyterian
 assemblies in session here. Dr. John
 Tenthoff Stone of the Fourth Presby-
 terian church, Chicago, was elected
 moderator of the northern body, and
 Dr. J. Sprue Lyons of the First Pres-
 byterian church, Louisville, was
 chosen moderator for the southern
 assembly. All three of the assemblies
 have now selected moderators. The

Wilson Selects Professor to
 Touch Up Currency Bill.

PLANS ALREADY IN THE ROUGH

Will Carry Four General Provisions,
 Including Regional Reserve System
 Instead of Central System, and Se-
 lection of Government Depositories
 On a Basis of Competitive Bidding.
 Other Features of Proposed Act.

Washington, May 16. President
 Wilson has selected an academic
 assistant for the drafting of an ad-
 ministrative currency revision bill.
 He has chosen a professor of political
 economy at one of the largest eastern
 universities whose name is withheld
 to be the chief author of the bill, and
 the work of drafting it is now
 going on. The president explains the
 bill will have four general provi-
 sions in its hands within a week or so
 for informal submission to the chair-
 man of the currency committee of
 the house and senate and the cabinet
 members who are being consulted.
 The president acknowledged that
 a general agreement had been reached
 between himself and the congressional
 leaders as to the subject matter of
 the reforms to be attempted in this
 bill.

The president has removed the
 guarantee of deposits from the range
 of possibilities for the bill by declar-
 ing that it was something that had no
 part in a real currency revision mea-
 sure.

From what has already been learned
 it is believed the decision has been
 reached to present to congress a bill
 which will carry four general provi-
 sions. They are:

First, a regional reserve system in-
 stead of central system condemned by
 the national platform; second, the
 gradual substitution of a currency se-
 cured by short commercial paper of
 the highest grades for the present
 bond secured national bank notes; third,
 the adoption of the old Demo-
 cratic pledge for the selection of gov-
 ernment depositories on a basis of
 competitive bidding; fourth, a thor-
 ough revision of the administrative
 features of the national bank act, with
 the view of reconciling these portions
 of the law with the new conditions
 which will arrive from the operation
 of the law.

It is understood that some of the
 amendments covered by the last sec-
 tion will affect the construction of
 the reserve. The plan being consid-
 ered by the president is to substitute
 for the present 2 per cent securities
 bearing interest at 3 per cent.

President Wilson, it is understood,
 has submitted these rough plans to
 his chosen academician with the in-
 struction that they be formulated into
 a bill.

Columbus, O., May 16. (The Times)
 Backhus, assistant treasurer of the
 Columbus Savings and Trust com-
 pany, in the hearing before Master
 Commissioner Okey to determine the
 facts in the suit of the state to re-
 cover illegal interest, said to former
 state treasurer, denied intimations
 that he had changed side since almost
 two months ago, when he began his
 confession concerning the bank's in-
 deed. According to the hearing, he
 would not reveal the details of his
 confession.

Backhus testified that he was not
 on the stand in the state attorney's
 case, but that he had been in the state
 treasury, where he had deposited the
 bank's funds.

Backhus testified that the bank's
 assets were not in the state treasury,
 but that the state treasury had been
 used for the bank's funds.

Mr. Backhus made the startling
 statement that his reason for destroy-
 ing canceled treasury checks, dur-
 ing a night visit to the bank was to
 protect depositors of the bank. It was
 denied, maintained to prevent the
 state from filing a suit for a
 ridiculous amount.

English Trades Unionists De-

London, May 16.—The London
 Trades Council, representing 50,000
 metropolitan trades unionists, adopt-
 ed a resolution protesting against the
 appointment of Walter H. Page as
 United States ambassador to the court
 of St. James, on the ground of rep-
 resentations made by the Allied Trades
 Council of New York that Mr. Page is
 an opponent of organized labor. The
 resolution states that the London
 Trades Council strongly resents the
 appointment to the Court of St. James

of an ambassador who is a bitter op-
 ponent of organized labor in his own
 country, and requests President Wil-
 son to recall the appointment and
 substitute for Mr. Page one who more
 truly represents the opinions of the
 working classes of the United States
 and who is more a friend to the or-
 ganized workers of the United King-
 dom.

The council also urges Sir Edward
 Grey, the foreign secretary, against
 receiving Mr. Page as the United
 States representative in this country.
 Copies of the resolution were sent to
 President Wilson and Sir Edward
 Grey, and a communication was sent
 to every labor council in the United
 Kingdom for similar action.

Painless Boxing Latest Safe
 And Sane Reform In Ring

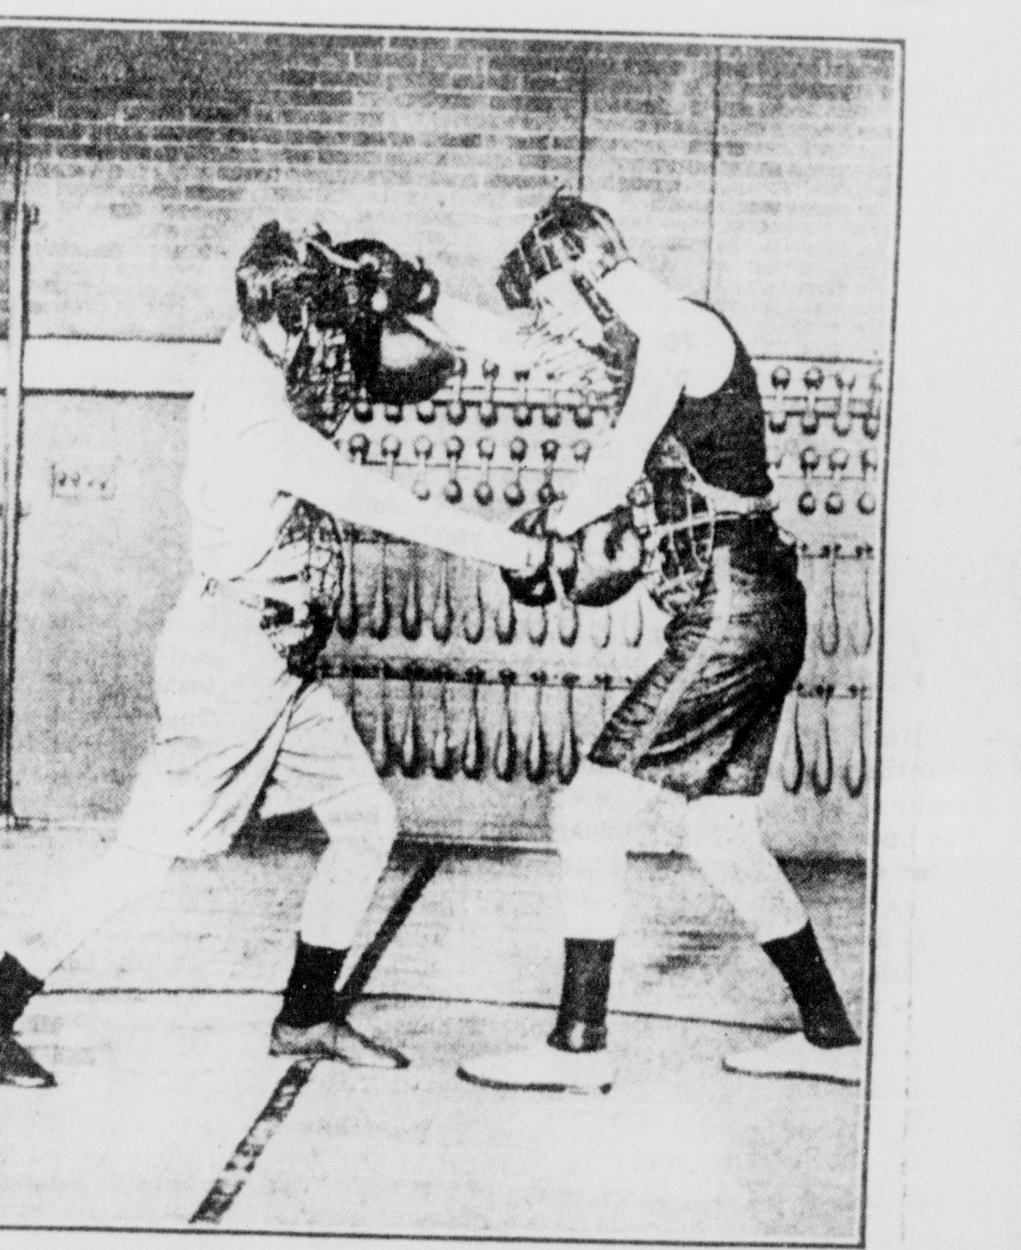

Photo by American Press Association.
 SAFE and sane boxing is the next on the list of reforms for young Amer-
 ica—if young America will stand for it. According to the invention of
 Guy Otis Brewster, physical director of the Dover (N. J.) High school,
 the sting is taken out of slugging with gloves by means of boxing armor.
 The picture shows how two lads look equipped with the armor and pounding
 each other at their hearts' content. The mask for the face and the lower
 guard for the chest and stomach make boxing painless. You can't hurt the
 other fellow if you try. That means that he keeps his temper, although you
 may lose yours. Of course this works both ways.

TALK PURCHASE OF MOTOR TRUCK

DAWN OF NEW ERA
LOOMS ABOVE HORIZON

Safety Director Instructed to Secure Details of Various Makes of Fire-Fighting Trucks and Report at Next Meeting—Movement Launched to Brick Main Street in Front of the Y. M. C. A.—Commission Form of Government Discussed.

Better fire fighting equipment and street improvement were the two leading questions considered by the City Council in the special session Thursday night, and resulted in Safety Director McLellan and the Safety committee being instructed to secure description and price of automobile fire trucks, and recommend some manufacture of truck at the next meeting. All who spoke were in favor of the motor-truck engine.

A petition from the property owners on Main street from Market to Temple, asking that the street be bricked, was presented, and the City Solicitor instructed to prepare the necessary resolution and the engineer the plans and specifications and present same at the next meeting.

President Light was absent, and Vice-President Rothrock occupied the chair. Rothrock stated the object of the meeting, spoke of the recent trip to Circleville where a very satisfactory demonstration had been given by the new auto-truck.

Durant then spoke at length, calling attention to the fact that the Safety committee, of which he is a member, had never seen the way clear for purchasing modern equipment such as now contemplated, and reviewed the efforts of the committee to induce the Water Works Company to comply with the terms of their contract with the city.

TO BUY MOTOR TRUCK
He further stated that there was not much question but what a motor-truck was in demand, and that he favored the motor-truck. He said it had been demonstrated that the using of water from the creek was not practical. In the course of his remarks he stated that he had reached the conclusion that the company was determined to put off definite action just as long as possible, and that as a result of their failure to comply with the demands of the city, he favored bringing an injunction suit against them, and urged the first action for breach of contract in furnishing the railroads with approximately 100,000 gallons per day, in direct conflict with the provisions of the contract. He suggested the refunding of bonds as a means of securing financial means for purchasing the fire-fighting apparatus.

McLellan asked about the extra expense to be incurred in the way of additional firemen, or whether high-

er priced men would be necessary to handle the auto-truck if it is purchased. He was informed by Durant that the present firemen should be able to handle the truck, and that it would cost less to maintain the truck than the horses. Rothrock stated that he favored the purchase of a truck.

Safety Director McLellan called Council's attention to the poor condition of the department at present, and how the city had two teams of bad horses, poor hose and is not in position to cope with a big fire.

It was then Durant moved that the Safety Director secure descriptions and prices and report at the next meeting. At the Safety Director's request the Safety committee was also included in the motion, and it passed by a unanimous vote.

Durant then moved that the Solicitor be instructed to investigate the contract between the city and the water company, and if he found that the company was violating its contract with the city by furnishing so much water to the railroads, to bring action immediately. Rothrock asked to have the solicitor investigate and report back to council at the next meeting. Durant insisted upon immediate action, stating that the Water company had been dealt with by gentle means without apparent results, long enough.

McLellan asked that the Solicitor investigate and report at the next meeting, and when it came to a vote McLellan, Rothrock and Veall voted yes, and Cox, Durant, Chapman and Sheets voted yes.

The petition for paving Market street was then presented and acted upon as above mentioned.

Chapman made a motion to adjourn but H. H. Sanderson, representing certain property owners on Columbus avenue, asked for a hearing, which was given him, and he presented a further protest from the property owners, against the paving of Washington avenue. He took occasion to compliment Council for the step toward better fire equipment, and then made his protest, and after he had finished, several of the councilmen called attention to pertinent facts in the case, including that the same persons who were protesting were the

ones who had voluntarily signed a petition asking Council to pave the street. Mr. Sanderson took occasion to mention uncollected special assessments, and before closing his remarks stated that he had a protest from property owners representing nearly 3,000 feet of frontage.

Adjournment was taken without further action on the matter.

FOR COMMISSION FORM

After Council had adjourned most of the members gathered about and discussed the Commission plan of municipal government, and all who expressed themselves were very much in favor of the proposition to introduce the commission form of government in this city, and after some had announced that they would vote to submit the question to the people as provided by law, Solicitor Rankin was asked to draw up the proper document and have ready at the next meeting, with a view to having it adopted and the question submitted to the citizens of Washington.

Several advantages of the commission government were mentioned during the discussion.

FILL MAMMOTH

FIRE CISTERNS

Under the direction of Safety Director McLellan, the huge fire cisterns were filled with water Friday

to have in readiness for any emergency that might occur, and to have for making tests when the new motor truck arrives for demonstration.

Many of the citizens who had never peered into the great caverns were dumbfounded at the immensity of the big "bottles". The cisterns are 10 or 30 feet in diameter, and 16 or 18 feet in depth. They have contained only a small quantity of water, and it is argued that if they are filled they will not only strengthen the street but be ready in case a fire should occur in which assistance from other cities is called.

In all probability a motor truck

will be shipped to this city within the next week or two for demonstration.

FINE FOR FIGHTING

"Gopher" Smith was tried before Mayor Smith Friday morning for assault and battery and mayhem, the offense occurring last Saturday night when he and Dan Ferritt became engaged in a rough-and-tumble scrap in which Ferritt had his thumb badly bitten.

On the first offense, Smith was found guilty and fined \$50 and the costs, and in lieu of payment remanded back to the county standing committed to the workhouse until the fine is paid.

The decision on the second charge was not handed down Friday morning. Smith is an old offender and has spent much of his time within the past year in the work house.

ARTHUR J. BURGETT Room Rear of Midland National Bank

In Social Circles

Mrs. Frank S. Parrett entertained with progressive auction bridge Thursday afternoon in compliment to her guest, Mrs. Harry Christopher, of London.

It was an exceedingly pretty party of five tables with snap dragons and roses in artistic decoration and an elaborate collation following the game.

Mrs. Albert Glascock won the prize, an embroidered towel, and presented it to the honor guest.

Mrs. John I. Cassidy, of Washington, D. C., Mrs. Clifford Potter, of Chicago, Miss Ruth Stinson, of Lafayette, Ind., and Mrs. Fred McLean, of Chicago, were out-of-town guests.

The announcement of the engagement of Miss Mabel Calvert, daughter of Mr. and Mrs. Spencer Calvert, and Mr. Frank H. Blessing, son of Mr. Ella Blessing, and their approaching nuptials in June, was made Thursday evening at a charming dish, supper given by Miss Mina Rowe.

The special interest of the announcement combined with beautiful appointments, exceptional beauty to make the affair one of unusual charm and pleasure.

The future bride, who is one of the most attractive girls of the younger set, was looking lovely in a beautiful gown of light blue and white silk with trimmings of lace and pipings of shell pink. Miss Rowe was wearing Persian marquisette over pink silk and the guests were all in pretty summer toilettes.

A pink and white color scheme was effectively carried out in the decorations, the table having a beautiful centerpiece of pink roses and similar arranged as if blooming in nature's garden. Tiny postals, stamped with pink hearts, bore the announcement and were concealed under the flowers to be pulled out by the guests at the signal of the hostess. With much originality and in a charming way Miss Rowe gave their shouts of merry glee. Both in-

an all-over white dress, and modestly and in a very tasteful way, both of the beautiful surroundings of the room were arranged to make the occasion a most successful one.

Few young people will enter the matrimonial sphere with more sincere intentions than with Miss Calvert and Mr. Blessing.

Seated with Miss Rowe and the bride-elect were Misses Ethel Calvert, Mary Craig, Ruth Mark, Louise Weaver, Louise Ballard, Ruth Allen, Hilda Kyle, Mesdames Ruth Miller, Florence Hays, Nona Peacock.

Among a number of staid and old-fashioned given for Miss E. H. H. Kelley, whose marriage to Mr. J. B. Kelley takes place early in June, one of the handiest was a magnificent

showed given by Miss George, given with Mrs. C. A. Kelley, Mrs. Charles Wood and Mrs. Chas. Livingston, one of the guests, hospitable country home, was a most successful one.

Throughout the large room, which was beautifully decorated with white and blue, and having a most beautiful centerpiece of white and blue, and blue to match, and looked exceedingly pretty.

After the reception she was taken to the music room where a number of handsome gifts awaited her coming. An elegant three course luncheon was served and music contributed to the enjoyable social features.

Mrs. Claude L. Clemens gave a beautiful children's birthday party Thursday afternoon for her nine-year-old son, Philip.

Twenty-two young girls and boys responded to the invitations and had a royal good time between the hours of three and six, the air ringing with their shouts of merry glee. Both in-

doors and on the large lawn the children enjoyed a merry round of games, including croquet and a pea-nut hunt.

A white and pink color scheme was prettily used in decoration and in the delicious luncheon served. The table with its splendid big birthday cake, with nine pink tapers burning, flanked by vases of pink carnations, was the special admiration of the children. The favors were baskets of pink and white candies for the girls and pistols and caps for the boys. Mrs. Clemens was assisted in doing everything for the children's pleasure by Mrs. Sarah Sollars, Mrs. Howard Hicks, Mrs. Volley Hoppes and Mrs. Harry Green.

The handsome young host received a large number of birthday gifts.

Those present were: Anna Lee McFadden, Florence Schadel, Winifred and Elizabeth Hicks, Helen Karney Virginia Hays, Elizabeth Brownell, Portia Brownell, Ruth Tanguary, Annie Katz, Russel Giebelhouse, Roy Slagle, Ray Snider, Frank Hamilton, Selby Gostner, Harold Rodacker, Augustine McDonald, Harry Zimmerman, Leland and Henry Hoppes, Clifford Clemens, Winifred Marie Clemens.

Selz Waukenphast

YOU'LL like this shoe the minute you shove your foot into it; it fits the foot well; it supports the arch well; it has just the natural swing of the natural foot.

And the best of it is—especially for the young fellows who must have styles at any cost—it's the most stylish shoe of the season.

We don't need to say it's a good shoe for service. It's a  shoe; that says it all.

Many other good shoes here in many other styles, \$3.00 to \$5.00 for men and women. Also some better-than-usual shoes for children.

As good as can be is the Selz guarantee.

The tip-outwear gloves

The Kayser Silk Glove

The genuine "KAYSER" gloves cost no more than the ordinary kind, but they don't wear out at the finger tips, and bear that mark of assurance of quality and reliability—the name "KAYSER."

In manufacturing "KAYSER" gloves, the effort is made to give them the feel of excellence, with a soft, even, strong, and smooth surface.

When offered the choice of a good glove, the Kayser is the first choice. **WARNING—** Beware of cheap imitations. Stop and consider that the "just as good" kind never equals the genuine.

Look in the box for the name "KAYSER."

Look in the boxes offered for the chance of the maker's name—and must on seeing the name "KAYSER" in the box of the glove you buy.

A Kayser glove is a smart pair.

MENTIONS REID FOR GOVERNOR

Cadiz Editor Points to Hon. C. A. Reid as Possible G. O. P. Nominee For Governor of Buckeye States

HON. CHAS. A. REID.
Republican Floor Leader in the House of Representatives is Mentioned as Gubernatorial Timber for 1914.

The suggestion as to the Republican standard bearer in the next campaign, very complimentary to Hon. C. A. Reid, is made by the Cadiz (Ohio) Republican, a newspaper edited by Harry B. McConnell, who says editorially:

"By common consent the Republican floor leader, Charles A. Reid, of Fayette county, is the strongest all-around man in the House and we may indeed say in the General Assembly. In the prime of mental and physical strength he is and will be a formidable person to lead the party to state victory in 1914. He speaks in part as follows in a recent interview:

"We would not be understood as saying that all of the legislation of the present session is of the character mentioned. Many good and wholesome measures have been enacted into law. But you would be compelled to search beyond the bill books of any previous assembly to find the meritorious measures buried in such an alarming avalanche of radical propositions for legal enactment, which have deluged the present assembly during the past four months.

The creation of commissions, boards and salaried positions, is beyond all proportion compared with previous attempts along this line.

More than twenty "commissions" of different kinds, with salaries attached that vary between honor and expenses and \$5,000 per year have been enacted into law. Some of these creations were necessary in order to prevent violent legislation against business, and in a few instances when the governor

The store of Kuppenheimer Clothes; where service, satisfaction and real value are all time considerations.

Clothes!

Spring and Summer offers to the good clothes maker unlimited opportunities to reflect the season's brightness in both fabric and style, but it is something of a problem to combine these brighter colors, and smarter styles in garments which will properly reflect the good taste—good judgment of the men who wear them.

We have put a great deal of time and thought into the selection of the clothing which we now offer to you from the

The House of Kuppenheimer

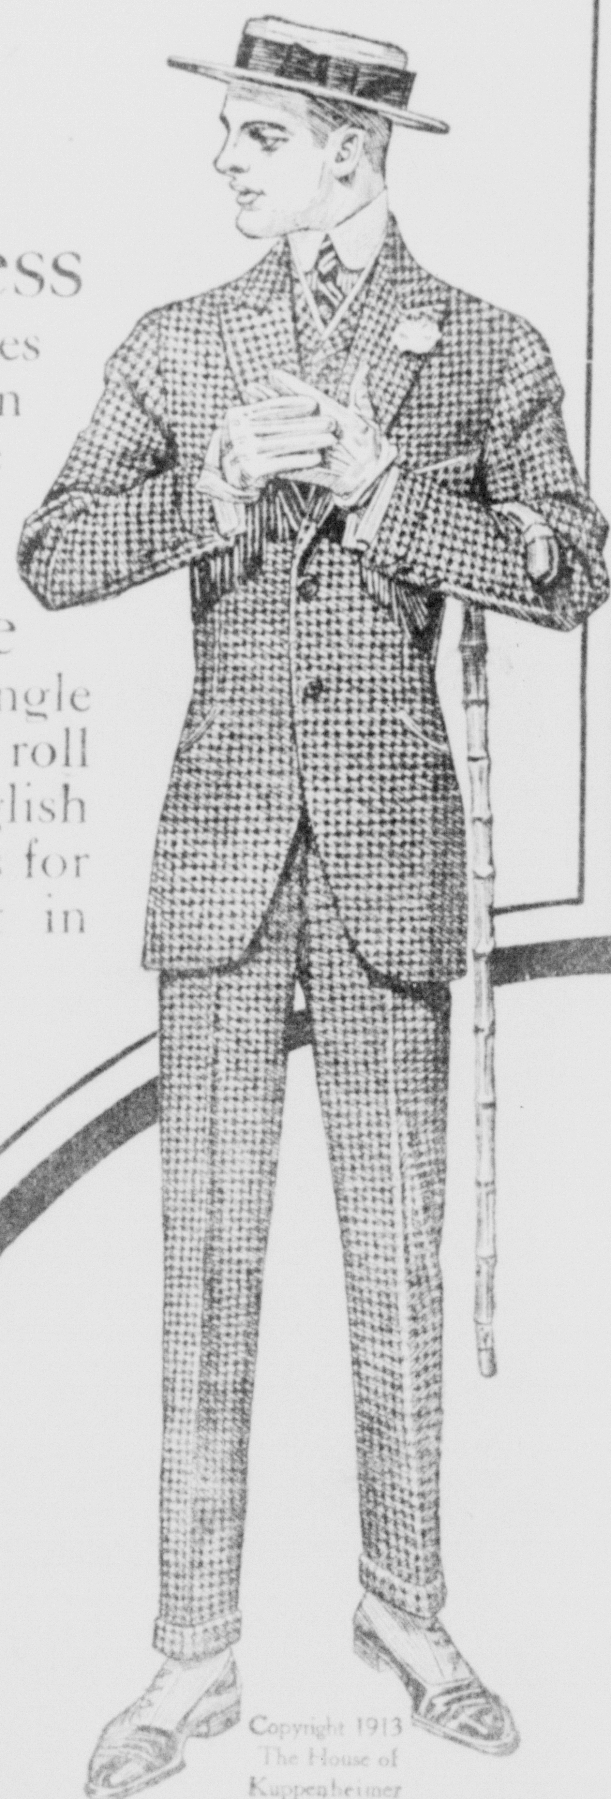

We find in them a smartness combined with good workmanship, and styles in which the most discriminating may find an expression of their own particular good taste and individuality.

In these clothes you will find the popular two and three button sacks; both single and double breasted; some with long soft roll lapels. The close-fitting comfortable English ideas. The more conservative styles; Clothes for business wear and for men a little more set in their ways. In a word here are good clothes and correct clothes for every occasion.

And—they are, one and all, priced as low as good clothes can be.

Stop in and see us today. Slip into the garment of your choice and see for yourself just how near these clothes will come to meeting your ideas of what you would like to have.

FAVORS INTERESTING THE GOVERNMENT IN RAILWAY ENTERPRISES

IN ALASKA

Secretary Lane Favors Government Ownership of Railroads.

Washington, May 16.—Secretary Lane of the Interior department placed himself on record as favoring a railway system in Alaska constructed, owned and operated by the government. "Governmental ownership of railroads in Alaska," he said, "seems to me to be the one policy that will most certainly make for her lasting welfare."

The secretary expressed his views in a letter responding to inquiries from Senator Pittman, chairman of the committee on territories, which now has under consideration bills providing for the construction by the national government of a railway system in Alaska.

CAMERON INDICTMENT VIGOROUSLY ATTACKED

Columbus, O., May 16.—Judge Kin lead tomorrow will hear the attack upon the indictments of former State Treasurer Isaac R. Cameron and Attorney Cyrus Huling, who was jointly indicted with him for alleged misuse of state funds. Upon the disposition of this matter depends whether or not Cameron will be tried in the near future, or not at all.

STORM'S TOLL WILL BE REDUCED SOME BY FULL RETURNS

NO OUTSIDE AID ASKED

Nebraska Tornado's Path Averaged But a Block in Width.

Lincoln, Neb., May 16.—Although all of the tornado-swept territory has not been heard from, it is believed that eight deaths in the town of Seward complete the storm's toll. Twenty are injured at Seward, four near Mc Cool Junction and six at other points. Three of those injured at Seward may die. The property loss there will approach \$125,000. The authorities have the situation in hand and no outside aid was asked. The storm swept across a stretch of territory 40 miles in length, but its path was very narrow, averaging not over a block in width.

PARADE STREETS
OF CINCINNATI****SUPPORT THE CAUSE
OF THE STRIKERS****Cincinnati Labor Unions Parade
Principal Streets.**

Cincinnati, O., May 16.—A monster labor demonstration in support of the streetcar strikers is in progress here this afternoon. It consists of a parade of all labor unions, the members of which are marching in their working clothes. Many thousands of spectators throng the line of march. The demonstration will conclude with a mass meeting at the Cincinnati baseball park, where addresses will be made by labor leaders of local note.

With a strong police guard, the Cincinnati Traction company managed to run its Avondale line on schedule time. Evening service will be suspended. Neither the traction company nor the strikers had any statement to issue except that they are satisfied with conditions and propose to fight it out.

Labor union representatives sent a long telegram to Governor Cox at Columbus urging him not to send troops to the city.

witness than he has ever made before, according to all who have seen him on the witness stand since he was acquitted of the murder of Stanford White on the ground of insanity. The questions of Arthur C. Palmer, counsel for Anshut, on trial on a charge of bribery, did not succeed in rattling the witness. It required only a few hours for the jury box to be filled.

When court opened Dr. DeFord said that he wanted to call Thaw, detained as an insane prisoner at Matteawan, and Mr. Deemer objected.

"When Thaw came before the grand jury in this case, I examined him," interjected the justice. "I found him absolutely competent to take an oath, give names and dates. Of course his testimony is to be taken as evidence." The remark Thaw marched in.

Thaw testified that he was at Matteawan on Nov. 2, 1912. He had not

Anshut on that date. Dr. Russell had told him that a lawyer would come to see him who would get for him, Russell, and discuss the matter of release. Thaw said he had talked to Russell about this. Thaw then went into details of his talk with Anshut, who had told him the witness testified that Dr. Russell's terms was \$25,000. Witness told Anshut the amount surprised him and he asked Anshut if that was the least Dr. Russell would take and Anshut said it was.

"What proceedings were to be undertaken?"

Mr. Anshut said Dr. Russell had told him before that it was only necessary for the superintendent to lead me to the door, pronounce me sane and let me go. I suggested that perhaps it might be better for the superintendent to do it through a certificate to the court, as the courts have always accepted such returns without question, but Mr. Anshut said that Dr. Russell did not believe this to be necessary. The court might refuse.

Thaw said he agreed the price was to be paid after a time, and then came the doctor over how it was to be paid. Anshut wanted cash and Thaw did not want it that way. He wanted to give stock assigned in blank, which could be redeemed by him subsequently, if necessary. "I offered Pennsylvania railroad stock, which Anshut thought he could dispose of through a friend in Philadelphia, but that was subsequently changed. I got other stock. Thaw said there was a 100-share certificate and a 40-share certificate of Consolidated Gas and five \$1,000 bills.

The great calamity in Omaha was quickly overshadowed by the terribly disastrous floods in Ohio. Great suffering and sickness from colds and exposure resulted which Foley's Honey and Tar Compound helped to alleviate. L. Poole, 2217 California St., Omaha, writes: "My daughter had a severe cough and cold but Foley's Honey and Tar Compound knocked it out in no time. My wife would not keep house without it. We have used it for years, always with good results." Blackmer and Tanquary.

HOW OLD YOU LOOK

Worn, and All Tired Out—It Is Not Necessary.

You act as though you just wondered how you are going to get through the rest of the winter and do your work.

You may be overworked or have had a bad cold which has left you without strength, ambition or much interest in life; in fact you are all run-down.

Let us tell you that Vinol, our delicious cod liver and iron tonic is just the remedy you need to rebuild wasting tissues and replace weakness with strength.

A prominent Boston lawyer says: "My mother, who is 76 years of age, owes her good health to Vinol as since taking it she can walk farther and do more than she has for years. I consider it a wonderful blood making and strength creating tonic."

We have such faith in Vinol that if it does not quickly build you up, restore your strength and make you feel well again, we will return your money. Try Vinol on our guarantee. Blackmer & Tanquary, Druggists, Washington C. H., Ohio.
